

## Our vision

We are a team from Sri Lanka and Switzerland. We strive to promote a successful integration of children into society. Through education and social involvement we want to support the people of Sri Lanka in their self-development.

## Our first action

We are providing access for around 30 children to an independently run preschool in Eluwankulam, which will be designed and built from scratch.

## Our values

We encourage to take responsibility and to face our challenges together.  
We collaborate honestly and present our actions transparently.  
We aspire to appear as role models and evolve step by step.
